Summary

I believe in "Work Is Worship". I always try to build engaging products as they help in making society digital. Technology is everything for me and I love to learn new technologies.
"Let's go invent tomorrow rather than worrying about what happened yesterday" ~ Steve Jobs

Education

National Institute Of Technology Hamirpur
B.Tech in Computer Science

Hamirpur, Himachal Pradesh
Graduating August 2022

Ingraham Institute
Higher Secondary

Ghaziabad, Uttar Pradesh
Graduated April 2017

Employment History

StyleDotMe
Android Development Intern

Gurugram, Haryana
May 2019 - July 2019

I worked on an application named as mirrAR that is a jewelry application based on Augmented Reality concept to show jewelry on your face.

mirrAR is the future of shopping. Brands like jck-lasvegas, Tanishq, Malabar jewelers, Farah Khan jewelry, Amrapali, Kanishq jewelers are currently using this application and enjoying its features.

I enjoyed working on this product. This application is available on play store.

BitsSphere Infosystem Pvt Ltd.
Android developer

Ranchi, Jharkhand
February 2019 - April 2019

As an Android developer I developed two applications for the company one of them is a contact saving application which uses Artificial Intelligence to identify the contacts using images of the contacts and currently it is in testing phase and will be available on play store very soon.

Another application is named as "AxxentCapital" which is a server side application and used to keep loan records of the customers. This application is going to release in Nigeria.

SimpleSpyder
Competitive Programmer

Hamirpur, Himachal Pradesh
August 2018 - Present

This team comprises of three programmers. We qualified **ACM-ICPC** (Association for Computing Machinery - International Collegiate **Programming Contest**) that is a multi-tier, team-based, programming competition. We secured first rank in our college in online pre-eliminary round and Rank 246 among 3200+ teams across the country and attended ACM-ICPC regional round at IIT Kharagpur and Amritapuri University, Coimbatore

Campus in December 2k18.

This makes me real life problem solver.

App Team

Senior Executive

Hamirpur, Himachal Pradesh

August 2017 - Present

My experience from a newbie to Senior Executive of this team is awesome. I worked as a part of team and always gave my best in team. I developed my college cultural and technical fest application to help attendees. This society helped me in becoming a good manager.

Android Development Intern, StyleDotMe. Gurugram, Haryana

Team .EXE

Senior Executive

Hamirpur, Himachal Pradesh

November 2018 - Present

This society makes me independent. I developed an application named as LifeSaver. LifeSaver is developed for social welfare which help needy people. LifeSaver was awarded by **Mechatronics International , Leipzig , Germany at International Training and Placement Conclave 2k19 at NIT Hamirpur**. This application is available on play store.

HackOnHills 4.0

Event Organizer

Hamirpur, Himachal Pradesh

February 2019 - March 2019

It is the 2nd largest technical hackathon of the country having 1000+ participants.

In this hackathon students from different colleges across the country code under the same roof for two days and develop products that are beneficial for the society.

This hackathon was supported by Github, Mozilla, Devfolio, Simba Chain, Hasura, Coding blocks, Roposo, etc. As an organizer of Hackathon I managed various hackathon related activities that enhanced my management skills.
